Requires such ballots to be counted on election day. Provides that absentee by mail and early voting commissioners may assist the parish board of election supervisors in counting and tabulating provisional ballots in the parish. Provides that provisional ballots are counted on the third, and for some elections the fourth, day following the election. Proposed law retains present law.

Present law provides that an absentee by mail and early voting commissioner who serves on election day or during the counting and tabulating of provisional ballots shall receive \$50 for each day he serves.

- (2) \$100 for elections other than elections provided for in (1) above for which the secretary of state has approved such compensation. The secretary of state may provide such approval upon application by the parish board of election supervisors when it is reasonably expected that a large number of persons will vote prior to election day.
- (3) \$50 for service rendered in connection with elections other than those provided for in (1) or (2) above.
